Product Name: SUPER DRESS-IT 1 GAL Product identifier: 65 Revision Date: 03-03-2015 Replaces:

#### 1. Identification

| Product Name:<br>Product identifier:<br>Relevant identified uses of the<br>substance or mixture and uses<br>advised against: | <b>SUPER DRESS-IT 1 GAL</b><br>65<br>Automotive reconditioning product   |
|--|--|
| Chemical Manufacturer /<br>Importer:<br>Emergency telephone number:  | Auto Wax - An ITW Company<br>Auto Magic <sup>®</sup><br>1275 Round Table Drive<br>Dallas, TX 75247<br>CHEMTREC: 1-800-424-9300 |
|  | CANUTEC: 1-613-996-6666  |

### 2. Hazard(s) identification

#### Classification of the chemical in accordance with paragraph (d) of §1910.1200;

| GHS Classification:                  | Not classified as hazardous under GHS  |
|--------------------------------------|--|
| Hazards not otherwise<br>classified: | MEDICAL CONDITIONS AGGRAVATED: dermatitis may be aggravated by excessive exposure to skin. |

### 3. Composition/information on ingredients

| Chemical Component:      | CAS number and other<br>unique identifiers | % (or range) of ingredient |
|--------------------------|--|----------------------------|
| No Hazardous Ingredients |  |                            |

the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret is required.

Product Name: SUPER DRESS-IT 1 GAL Product identifier: 65 Revision Date: 03-03-2015 Replaces:

| I. First-aid measures          |   |
|--------------------------------|---|
|                                |   |
| Eye Contact:                   | Use an eye wash to remove a chemical from your eye regardless of    |
|                                | the level of hazard. Flush the affected eye for at least twenty     |
|                                | minutes. Tilt the head to prevent chemical from transferring to the |
|                                | uncontaminated eye. Seek medical advice after flushing. Flush eye   |
|                                | with water for 20 minutes. Get medical attention. Seek immediate    |
|                                | medical attention.  |
| Skin Contact:                  | Wash with soap and water. Wash affected area thoroughly with        |
|                                | soap and water.   |
| Inhalation:                    | This material does not present a hazard if inhaled. Remove          |
|                                | individual to fresh air after an airborne exposure if any symptoms  |
|                                | develop, as a precautionary measure. If inhaled, remove victim      |
|                                | from exposure to a well-ventilated area.                            |
| Ingestion:                     | No hazard in normal industrial use. Do not induce vomiting. Seek    |
| 5                              | medical attention if symptoms develop. Provide medical care         |
|                                | provider with this MSDS. Call a physician or poison control center  |
|                                | immediately.  |
| Immediate medical attention    | No additional first aid information available                       |
| and special treatment needed,: |   |

### 5. Fire-fighting measures

| Suitable extinguishing media:   | Use alcohol resistant foam, carbon dioxide, or dry chemical when<br>fighting fires. Water or foam may cause frothing if liquid is burning<br>but it still may be a useful extinguishing agent if carefully applied to<br>the surface of the fire. Do Not direct a stream of water into the hot<br>burning liquid. Water spray Alcohol foam Dry chemical Carbon<br>dioxide |
|---------------------------------|---|
| Unsuitable extinguishing media: | No data available   |
| Fire and/or Explosion Hazards:  | Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.  |
| Hazardous Combustion            | Carbon dioxide, Carbon monoxide, Formaldehyde, Silicon dioxide  |
| Products:                       |   |
| Special protective equipment    | Do not enter fire area without proper protection including self-  |
| and precautions for fire-       | contained breathing apparatus and full protective equipment. Use  |
| fighters:                       | methods for the surrounding fire.   |
| -                               | -   |
| 6. Accidental release measures  |   |
|                                 |   |
| Personal precautions,           | No adverse health affects expected from the clean-up of spilled   |
| protective equipment and        | material. Follow personal protective equipment recommendations  |
| emergency procedures:           | found in Section VIII of this MSDS.   |
| Methods and material for        | No special spill clean-up considerations. Collect and discard in  |

Product Name: SUPER DRESS-IT 1 GAL Product identifier: 65 Revision Date: 03-03-2015

| Replaces:  |  |
|--|--|
| containment and cleaning up:                     | regular trash. SMALL SPILL: Contain and collect with absorbent.<br>LARGE SPILLS: Shut off leak if safe to do so. Use an inert absorbent<br>such as sand or vermiculite. Place in properly labeled closed<br>container. Prevent spilled material from contaminating soil,<br>entering sanitary sewers, storm sewers, and drainage systems, and<br>entering bodies of water or ditches that lead to waterways. |
| 7. Handling and storage                          |  |
| Precautions for safe handling:                   | No special handling instructions due to toxicity. Keep out of the reach of children.   |
| Conditions for safe storage:                     | Store in a cool dry place. Isolate from incompatible materials.<br>STORAGE TEMPERATURE: 0°C (32°F) Minimum to 50°C (122°F)<br>Maximum. Shelf life is one year.   |
| Materials to Avoid/Chemical<br>Incompatibility:: | Strong oxidizing agents Strong acids Strong alkalies   |

### 8. Exposure controls/personal protection

### <u>Limits:</u>

| Chemical Component                 | OSHA PEL  | ACGIH TLV-TWA   | ACGIH STEL |
|------------------------------------|---|---|------------|
| No data available                  |   |   |            |
| Appropriate engineering controls.: | engineering controls are like comfort under normal cond   | the constituents of this produce<br>ely to be required to maintain of<br>itions of use. General or local<br>prove adequate to keep airbor<br>imits. | operator   |
| Eye Protection:                    | Wear safety glasses when handling this product. Safety Glasses or goggles with splash guards or side shields.   |   |            |
| Skin Protection:                   | Not normally considered a skin hazard. Where use can result in skin<br>contact, practice good personal hygiene. Wash hands and other<br>exposed areas with mild soap and water before eating, drinking,<br>and when leaving work. Use Nitrile/ Vinyl gloves |   |            |
| Respiratory Protection:            | No respiratory protection required under normal conditions of use.<br>Follow a respiratory protection program that meets 29 CFR<br>1910.134 and ANSI Z88.2 requirements whenever work place<br>conditions warrant the use of a respirator.                  |   |            |
| Other Protective Equipment:        | Safety Glasses or goggles with splash guards or side shields. Use<br>Nitrile/ Vinyl gloves  |   |            |
| General Hygiene Conditions:        | Keep out of the reach of chi  | ldren.  |            |

### 9. Physical and chemical properties

| Appearance (physical state):<br>Color:        | Liquid<br>White   |
|---|-------------------|
| Odor:   | Lemon             |
| Odor threshold:                               | No data available |
| pH:   | ~ 8.0 to 9.7      |
| Melting Point/Freezing Point (°C):            | No data available |
| Initial Boiling Point and Boiling Range (°C): | 100               |
| Flash Point (°C):                             | 210               |
| Evaporation Rate:                             | No data available |
| Flammability (solid, gas):                    | No data available |
| Upper Flammable/Explosive Limit:              | No data available |
| Lower Flammable/Explosive Limit:              | No data available |
| Vapor Pressure:                               | 17.5 MMHG@20C/68F |
| Vapor Density:                                | No data available |
| Relative Density:                             | 1                 |
| Solubility(ies):                              | No data available |
| Partition coefficient: n-octanol/water:       | No data available |
| Auto-ignition Temperature (°C):               | No data available |
| Decomposition Temperature::                   | No data available |
| Viscosity:                                    | No data available |

### 10. Stability and reactivity

| Reactivity:<br>Chemical stability: | No data available<br>Stable under normal conditions.  |
|------------------------------------|---|
| 5                                  |   |
| conditions to avoid:               |   |
|                                    |   |
|                                    | 0   |
| Incompatible materials:            | Strong oxidizing agents Strong acids Strong alkalies  |
| Hazardous decomposition            | Carbon dioxide Carbon monoxide Formaldehyde Silicon dioxide   |
| products:                          |   |
| Hazardous decomposition            | Temperatures above the high flash point of this combustible<br>material in combination with sparks, open flames, or other sources<br>of ignition. Contamination.<br>Strong oxidizing agents Strong acids Strong alkalies<br>Carbon dioxide Carbon monoxide Formaldehyde Silicon dioxide |

### 11. Toxicological information

| Likely routes of exposure<br>(inhalation, ingestion, skin and<br>eye contact): | Skin contact, Eye contact, Ingestion                                   |  |  |
|--|--|--|--|
| Immediate (Acute) Health Effects by Route of Exposure:                         |  |  |  |
| Inhalation Irritation:   | No hazard in normal industrial use. Harmful if inhaled.                |  |  |
| Skin Contact:  | No hazard in normal industrial use.                                    |  |  |
| Skin Absorption:   | No absorption hazard in normal industrial use. Causes skin irritation. |  |  |

Product Name: SUPER DRESS-IT 1 GAL Product identifier: 65 Revision Date: 03-03-2015 Replaces:

#### Eye Contact: Can cause minor irritation, tearing and reddening. Can cause irritation. **Ingestion Irritation:** No hazard in normal industrial use. Irritating to mouth, throat, and stomach. **Ingestion Toxicity:** Long-Term (Chronic) Health Effects: Carcinogenicity: None of the substances have been shown to cause cancer in long term animal studies. Not a carcinogen according to NTP, IARC, or OSHA. No data available to indicate product or any components present at greater than **Reproductive and Developmental Toxicity:** 0.1% may cause birth defects. Mutagenicity: No data available to indicate product or any components present at greater than 0.1% is mutagenic or genotoxic. Inhalation: Upon prolonged and/or repeated exposure, no hazard in normal industrial use. Skin Contact: Unlikely to cause irritation even on repeated contact. Upon prolonged or repeated exposure, no hazard in normal industrial use. Skin Absorption:

**Component Toxicology Data** 

| Chemical Component | Oral LD50 | Dermal LD50 | Inhalation LC50 |
|--------------------|-----------|-------------|-----------------|
| No data available  |           |             |                 |

#### Has the chemical been classified as a Carcinogen by NTP, IARC or OSHA.

| Chemical Name     | OSHA Carcinogen | IARC Carcinogen | NTP Carcinogen |
|-------------------|-----------------|-----------------|----------------|
| No data available |                 |                 |                |

| 2. Ecological information |
|---------------------------|
|---------------------------|

| Ecotoxicity (aquatic and       | This material is not expected to be harmful to the ecology. |
|--------------------------------|---|
| terrestrial, where available): |   |
| Persistence and degradability: | No data available   |
| Mobility in soil:              | No data available   |
| Other adverse effects (such as | No data available   |
| hazardous to the ozone layer): |   |

#### **Ecological Toxicity Data**

| Chemical Component | Aquatic EC50 Crustacea | Aquatic ERC50 Algae | Aquatic LC50 Fish |
|--------------------|------------------------|---------------------|-------------------|
| No data available  |                        |                     |                   |
|                    |                        |                     |                   |

#### 13. Disposal considerations

| Description of waste residues: | Spent or discarded material is non-hazardous according to |
|--------------------------------|---|
| -                              | environmental regulations.                                |
| Safe Handling of Waste:        | Disposal must be in accordance with applicable Federal,   |
| -                              | State/Provincial and Local regulations.                   |
|                                |   |

No data available

| Waste treatment methods (including packaging): | Dispose of in a landfill. Disposal is not likely to be regulated.                           |        |   |                         |                       |  |
|--|---|--------|---|-------------------------|-----------------------|--|
| 14. Transport information                      |   |        |   |                         |                       |  |
| UN proper shipping name:                       |   | •      | r container label<br>classification, if a | for DOT or othe<br>iny. | r                     |  |
