## GLASS POLISH

### Product Description:

This creamy polish removes water spots, light scratches, etching and pitting on auto glass, mirrors, chrome & bright metal. Its mild abrasive formula restores clarity and improves all weather visibility on glass. Durable polymers leave a brilliant, protective finish that repels rain, sleet & snow. Also great for home windows, sliding glass doors, shower doors, tile & porcelain. Apply by hand or machine. VOC COMPLIANT.

### Product Details:

Ready To Use  
VOC Compliant  
Body Shop Safe  
NPE Free  
Phosphate Free  
pH: 8.6  
Color: Pink  
Fragrance: Fruit

### Packaging:

Quart: C-27-Q

### Features & Benefits:

Removes Water Spots, Light Scratches, Etching and Pitting on Glass, Mirrors, Chrome & Bright Metal  
Mild Abrasive Formula Restores Clarity and Improves All Weather Visibility on Glass  
Durable Polymers Leave a Brilliant, Protective Finish That Repels Rain, Sleet & Snow

**Application:** *Shake well before using. Read label before use. See SDS for more information.*

**Hand Use:** Apply product to a clean, microfiber applicator pad and spread product evenly over small area of surface, rubbing well in a circular motion. Wipe off with a clean, soft, microfiber towel. Polish by hand to a high gloss, turning towel while wiping down.

**Orbital or D/A Polisher:** Use a PRO® PB-12 Bonnet/CM-6-F Charcoal Foam Polish Pad. Apply product to bonnet/pad. Turn on polisher and buff with adequate pressure, spreading product evenly over surface. Polish until product disappears. Remove any remaining product with a clean bonnet/pad and polish to a high gloss finish.

**High Speed Buffer:** Use a PRO® RV-85-C Charcoal Foam Polish Pad. Apply product to pad and spread evenly over small area of surface before buffing. Buff product with adequate pressure at 1200-1800 rpm. As product disappears, reduce pressure and polish to a high gloss finish. Clean pad often to remove contaminants. Repeat as necessary.

### Helpful Tips:

Keep from freezing (32 °F/0 °C). Do not apply in direct sunlight or onto a hot surface. Not for use on tinted or coated glass. Polish one section at a time.

### Safety Data Sheet:

GHS Compliant. SDS can be found online at [www.prowax.com](http://www.prowax.com).
